

INVITATION

RAINWORM 2010

We are pleased to invite you to the **2nd annual** workshop **RAINWORM 2010** on the subject:

Current Issues of Implementing TAF TSI in the Information Systems of the Infrastructure Managers in Central Europe

which is held on **April 19-20, April 2010** by company OLTIS Group.

As its aim, the workshop should establish a discussion platform for the newest knowledge in the field of **implementing TAF TSI** or other up-to-date subjects in the relationship between IM and RU.

The workshop is intended for the addressed representatives of infrastructure managers (IM), railway undertakings (RU), and IM associations (Annex 2), who are involved in the specified area, with assumedly ca 80 participants. The working language is Czech, Slovak, English, or German (according to participants' requirements). Simultaneous translation will be provided. The workshop venue is **Hotel Kurdějov** (see web pages <http://www.hotelkurdejov.cz>), located approximately 25 km south of Brno.

The workshop is planned to start on 19 April 2010 at 10:00, and to end on 20 April 2010 at 15:00.

Registration fee:

2 900 CZK (including 20% VAT) with payment by 12 Apr 2010

3 100 CZK (including 20% VAT) with cash payment at the workshop

Discounts for multiple participation from the same company:

- 2 participating persons **10%** of fee excl. VAT
- 3 or more participating persons **20%** of fee excl. VAT

The fee includes:

- participation at the workshop
- snacks for both days (1× breakfast, 2× lunch, 1× informal social dinner, 4× coffee break), drinks
- free usage of the **wellness centre** (19 April from 20 to 23 hrs)
- free usage of the **four-lane bowling alley** (19 April from 20 to 02 hrs)
- translating service
- transport from Brno to Kurdějov and back

Accommodation, together with any additional services, is covered by the participant individually. Available **accommodation** is proposed in Annex 3. The hotel offers tennis courts in a tennis hall to lend.

Paying the fee is necessary to participate: please pay to account No **35-3062520267/0100**, conducted by KB Olomouc (IBAN: CZ71 0100 0000 3530 6252 0267, SWIFT code KOMBCZPP), **variable symbol IC** (company identification number), **constant symbol 308**. The participant will get the payment receipt at the registration itself.

We are looking forward to meet you at the 2nd annual technical workshop **RAINWORM 2010**.

Štefan Mestický

Chairman of the board and CEO of OLTIS Group

Annex 1: Subject areas of the workshop

Annex 2: List of the companies called for participation and for papers

Annex 3: Registration form

Annex 1: Subject areas of the workshop

Selling the train paths and designing the shift plan

- Access of the RU's to the railway network
- Path requests area
- Request for transporting exceptional cargo
- Constructing ad hoc path requests
- Information systems support
- Designing the shift plan

Dispatching and operational control

- Operational control technology, structure of the dispatching workplaces
- Communicating with the RU's dispatchers
- Communicating with the dispatchers of neighbouring IM's (cross-border cooperation)
- Information systems support
- Monitoring the objects position in the transport network
- Information exchange

Infrastructure restrictions, closures

- Closures planning processes
- Approaches and procedures when implementing the infrastructure restriction notices database
- Information systems support
- Using the infrastructure restriction notices within IM
- Communication channels for providing the information to the IM's and RU's customers
- Information exchange

Integrating the information systems, TAF TSI

- General approach of the specific IM to the area
- General approach of the specific RU to the area
- Strategy Deployment Plan
- Specific procedures, who has implemented which parts of TAF TSI, experiences, challenges
- Implementing the reference files and accessing them by the market players
- Mutual communication on the international level
- Future plans

Railway network access fees

- Rules for determining the railway access fees, calculating formula
- Comparing with other countries (level and structure of fees), differences and their impacts
- RU's behaviour resulting from the fees structure
- Information systems support
- Problems and issues
- Future plans
